THE PROBLEM

- Generic content with no real connection to the company
- One-size-fits-all agendas that ignore team size and context

OUR ANSWER

- Formats built so quieter participants engage too
- Host-led energy that keeps momentum throughout
- Content customised to your company, teams, and culture
- Flexible scale, from 10 to 500+ participants

”

*Designed and hosted by **Sagnik Monga**, who has run more than 40 quizzes and game shows for colleagues and client teams, engaging over 500 participants across formats. Every session is still personally shaped around the group in the room.*

EVERY BOOKING, BROKEN DOWN

Whatever format you pick, this is what's built in as standard, no exceptions.

01

PRE-EVENT INTAKE

A short conversation to understand your team, the occasion, and what you want the session to achieve.

02

CUSTOMISED CONTENT

Rounds and questions written around your company, teams, products, and culture, not generic trivia.

03

A DEDICATED HOST

Someone runs the room live, start to finish, keeping pace, energy, and structure throughout.

04

LIVE SCORING & VISUALS

A multi-round structure with a running scoreboard, built to keep the whole room invested.

05

MINIMAL SETUP

Most formats need just a screen, a sound system, and team seating, nothing elaborate to arrange.

06

FLEXIBLE DELIVERY

In-person, hybrid, or fully virtual, depending on where your team is.

07

FEEDBACK ROUND

A short feedback round afterward, plus a debrief with the organiser to capture what worked.

WHO WE WORK WITH

Most of our bookings come from four kinds of teams.

HR & PEOPLE OPS

Recurring engagement rituals, town halls, and broader culture initiatives that need to land with the whole company.

LEARNING & DEVELOPMENT

Onboarding weeks, values rollouts, and skills reinforcement that work better as an experience than a slide deck.

SALES & REVENUE TEAMS

Kickoffs, product learning, and incentive events that need energy as much as information.

EVENT & OFFSITE AGENCIES

A turnkey hosted format that slots cleanly into a broader offsite or conference agenda.

ENQUIRY TO EVENT DAY

A simple, four-step process. Two to three weeks is comfortable for a fully customised experience.

01**GET IN TOUCH**

Share your team size, occasion, and what you'd like to test through a short pilot request.

02**WE SHAPE IT**

Rounds are written around your company, teams, products, and the occasion.

03**HOSTED LIVE**

Live scoring, visuals, and facilitation keep the room engaged start to finish.

04**FEEDBACK**

A short round afterward closes the loop and informs the next session.
